## **NATIONAL AUTHORITY FOR QUALITY ASSURANCE AND ACCREDITATION OF EDUCATION (NAQAAE) AWARDED WFME RECOGNITION STATUS**

Press Release

23 April 2019

National Authority for Quality Assurance and Accreditation of Education (NAQAAE) which operates in Egypt has been awarded Recognition Status by the World Federation for Medical Education ([WFME](#)). WFME Recognition Status has been awarded for ten years with immediate effect.

The National Authority for Quality Assurance and Accreditation of Education (NAQAAE) is an independent public authority established by Egyptian law in 2006, which began operating in November 2007. NAQAAE is authorized by the President of Egypt, operates under the supervision of the Prime Minister of Egypt, and is the sole accreditation body in Egypt.

The mission of NAQAAE is to enhance the quality of education and ensure its continuous improvement, and to accredit educational institutions and programmes according to national standards that are impartial, transparent, and comply with international standards.

WFME is satisfied that the accreditation process, post-accreditation monitoring and decision making by NAQAAE when it accredits these medical schools and faculties is to an appropriate and rigorous standard.

The [WFME Recognition Programme](#) follows the same principles as a medical school accreditation system: evaluation of documentation, policies and procedures; a site visit; and a decision taken by an independent committee with reference to pre-defined criteria.

The WFME Recognition Programme aims to raise the standards of medical education worldwide, through ensuring that national and regional accrediting agencies are acting in an appropriate, robust and transparent way. The intention is for all eligible accrediting agencies to be evaluated by WFME or to an equivalent standard. There are 120 organisations listed in the Directory of Organizations that Recognize/Accredit Medical Schools ([DORA](#)). 17 accrediting agencies have been recognised by WFME to date, and a further 12 have formally commenced the process. A further 10 organisations are in active communication with WFME regarding their application.
